

Dire Penalties In Rogers Proposals Agn All Hoarders

Congressman Says "Excess of Necessities" Is Burden  
Frederick C. Otman, Washington columnist reports that our Congressman Dwight Rogers has taken to law in again hoarders, which he describes as "Possessing an excess of necessities." Go to it, Dwight, somebody better do something about it! The "in-between boys," too—the jobbers, wholesalers and distributors.  
Here's what Mr. Otman says: Rep. Dwight L. Rogers, a lawyer and a democrat from Fort Lauderdale, Fla., introduced an amendment to the economic control act of 1950 making it a crime, punishable by a \$10,000 fine, a year in the clink, or both, to hoard.  
"A succession of lawyers said this was a pious idea right. But it wouldn't work. They used such terms as absurd and ridiculous. The House voted it down."  
"NEXT MORNING" to the amazement of all hands—Rep. Rogers introduced an anti-hoarding bill again. Some of his cohorts laughed. One called for cutting off debate so Rep. Rogers could be bounced out at once.  
"Please," cried the gentleman from Florida, "I'm serious about this." He said that he had his cohorts at least should listen to him.  
"Control hoarding and we won't need another OPA," he began.  
"There ought to be a law against hoarding," interrupted Rep. Eugene C. Dennis, D-Mich. (Continued on Page 4)

Fire Destroys Schlechter Home Late Thursday

Around six o'clock Thursday afternoon the Walter Schlechter home at Chosen was completely gutted by a fire originating in the house.  
Mrs. Schlechter had gone to take the maid home and when she returned the entire house was afire with smoke bursting out every window opening. Mr. Schlechter was still in the field and found his home gone when he did arrive.  
The fire department responded immediately and confined the fire to the one building, even the garage apartment in the rear of the lot. West's store on the adjoining lot and the Stein home to the west were also saved.  
Household furniture and personal clothing and effects were a total loss.

Basin Of Recommendation Of A National Policy On Development Of Water Resources, By Matthews

Col. A. G. Matthews, Chief Engineer, Division of Water Survey and Research, for the State of Florida has prepared the following which we heartily commend to the public and to students of government. His recommendations as to policies will be heralded in a later issue of THE HERALD.  
To better understand the Why's and When's of our Overall Flood Control Program by the Federal Government, jointly by the State and local interests, we hope you will study these articles.  
1.01 The primary purpose of Federal and State government in the United States is to secure the liberties of the people. All other essential or desirable objectives of government are and must be, subordinate to this primary objective. It follows then that policies and actions used to attain this end of the secondary objectives must not be such as to impair the primary function.  
1.02 The Federal and all State governments are constitutionally charged with constitutional responsibilities to provide for the general welfare. The Federal Congress is charged exclusively with providing for the common defense. Development and use of water resources are essential to that welfare and that defense. Thus, participation by the several governments in such purpose is not

LOCAL BOYS LEAVE TOMORROW TO TRAIN FOR SHOOTIN' WAR

The advanced detachment composed of Cpl. John Haindman and Pfc. Chas. H. Blackwell, from Company "E", 21st Battalion, left Monday to join a truck convoy in Ft. Wain, Palm Beach, headed for Fort Jackson, S. C., in preparation for the annual two weeks training period of the company. The advanced detachment takes all company equipment via truck. The company mess detachment, Sgt. Anthony Toulin and Ret. Vassilios Toulin, left also this week, via pullman, for Fort Jackson, to attend a two day war school.  
Cpl. Merton J. Rashley has just returned from Fort Benning, where he took a nine weeks course in the training period of the company. He will be under the command of Lt. Eugene Pickren of Pahokee. Lt. Pickren was promoted to leading officer on the departure of Lt. John Hooker several weeks ago. However, Lt. Hooker is expected to join the outfit at (Continued on Page 4)

Our Playground Program and Attendance Best In County

According to Palm Beach County Playground Commission, the summer program that has just ended at Paradise Park by Doug and Mrs. Leavitt, has proven to be the best attended, than any in the county.  
Over 200 hundred children attended the picnic marking the end of the vacation playground program Friday. Prizes donated by the Lions Club were awarded by Club president, Henry Earwood. A bounteous picnic lunch was prepared and served by park Dominians, who stated the kids, for one time, ate their fill of hot dogs, potato chips and fruit punch. No child was turned away from this third or even fourth helping.  
The whole eight weeks program was put over without incident. The serious accident to Mrs. McDonald. She further stated this also holds true for the whole two year period the park has been opened. This is a good record, considering the average daily attendance reaches 175 children. Complete first-aid equipment for emergencies is kept on hand at all times.  
New Chinning Bars for three girls are being installed in the park this week.  
The park assistant, Mrs. Ruby Dodson, will be on duty, beginning tomorrow, and will be planning a story hour for the pre-school group, which will be conducted from 9:00 o'clock to 10:00 a. m., each Saturday morning.

IXORIA, CITY'S OFFICIAL FLOWER, URGED PLANTED BY GARDEN CLUB

Many residents of Belle Glade do not realize the Ixoria, that beautiful wax-like green plant with the large heads of bright red flowers, is the official flower of the city.  
The plants grow here very well, and bloom profusely all summer, with less bloom in the winter. They are easily grown as an exhibition shrub, or as a hedge. The plant stands a high water table with salt water and is easily killed by cuttings of the new growth. It likes sandy soil, with a little salt added to the water. The plants will grow in plain muck. The plant can be propagated by seed, but requires a longer period to bloom than the cuttings. It is very hardy, but grows by many insects. At times there may be seen a green scale near tips of the tender shoots, which are fond of. This can be controlled by oil emulsion spray.  
The Belle Glade Garden Club, during the past year, has been making an effort to encourage the planting of Ixoria over the city. They have donated a great number to be planted in Paradise Park and the different parkways. Persons desiring to secure Ixoria plants for their yards may, by calling a member of the Garden Club, find where they may be purchased at a reasonable price.

LEGION SPONSORS BINGO PARTY FOR PRATT VETS

Belle Glade American Legion Post, assisted by the Auxiliary, were hosts Monday night at a Bingo party for the veterans at Pratt General Hospital in Coral Gables.  
Members from Belle Glade who attended were: Commander and Mrs. Robert Y. Crech, Jr., Mr. and Mrs. D. D. Willis, Mr. and Mrs. W. C. Allen, Mr. and Mrs. H. E. Beck, Mrs. and Mrs. Gregory, Mrs. Jack Rashley and Mrs. Al Vadaz.  
The men conducted the Bingo game and the ladies served punch and cookies.

War Requirements Of Vegetables To Be FFVA Question

Cuba And Mexico Imports May Be Affected By War, Says Graw

The factors of competition from both foreign and domestic sources affecting the Florida fruit and vegetable industry will be reviewed at the 7th annual convention of the Florida Fruit and Vegetable Association, meeting in Miami Beach on October 4, 5 and 6, according to LaMont Graw, FFVA manager.  
Graw said that FFVA's economists are preparing data on the next season's shipments from competing areas in this country and on imports from Cuba and Mexico. Also to be reviewed are shipments of other seasons which have been under close study by FFVA for several years.  
"While the future is uncertain, if ships are diverted from transportation of Cuban products and if an anticipated shortage of refrigerated cars develops, it is a task which the industry has been faced before, and one which it met with distinction. However, it is a task which requires the close cooperation and coordination of all persons and agencies involved."  
The committee on recommendations made before the Korean situation developed suggested increased acreages for cantaloupes, cauliflower, lettuce and strawberries. The same acreage as last year's was recommended for lima beans, sweet corn, green peas, winter and spring squash and tomatoes.  
"Decreases were recommended for snap beans, cabbage, cauliflower, eggplant, escarole, peppers, Irish potatoes, fall squash and watermelons," said Graw.

MILITARY PREPARATION CALLS FOR SPECIALISTS IN MANY LINES OF WORK

The Robins Air Force Base, located at Warner Robins, Georgia, listed numerous job openings for regional recruitment on August 1, 1950. The actual locations of some of these jobs are in Alaska, Newfoundland, Japan, Okinawa and Germany, in addition to Robins Field in Houston County, Georgia.  
In its affiliation with the United States Employment Service and the other state agencies, the Florida State Employment Service is aiding in the recruitment of workers who are qualified to meet the requirements of the positions listed below:  
1. Draftsman, Engineering (Supervisory); 2. Mechanical Engineer; 3. Teacher (Grade or Grammar); 4. Community Center Worker; 5. Architectural Engineer; 6. Job Analyst; 7. Aeronautical Engineer; 8. Industrial Physicist; 9. Clerk Stenographer; 10. Stock Chasers; 11. Aircraft Propeller Pairs; 12. Bombight Repairs; 13. Sub Assembler Insulators; 14. Electricians, Aircraft Radio; 15. Instrument Mechanic (Meteorological Equip. Repairs); 17. Aircraft Armament Mechanic; 18. Heating Plant Superintendent; 19. Bombight Repairman Helpers; 20. Instrument Repairman Helper (Meteorological).

SCHOOL BELL RINGING FOR DEAR TEACHERS

School bells will start to ring next Monday! Don't fret, children, they're not for you, but for dear teachers.  
The three weeks Pre-school Plan will begin August 14. All teachers will report to West Palm Beach for a general assembly on Monday. The rest of the time they will work in their respective schools. Various committees have been set up for the school year. The school year will be held. There will be several meetings where all teachers are required to attend.  
Several teachers have been called to our faculty: Mrs. L. Ruff, 2nd grade, to replace Miss Susie Murphy—Mrs. N. S. Granger, 1st grade, for Mrs. Mary E. Granger; Miss Marian Najarian, music, for Miss Alma Murphy; Charles Hall, physical education and assistant coach, for Jim Maynor and Raymond Yates, for M. K. Bishop.  
Many teachers have been attending summer school, and many will be attending summer school during the pre-school conference.

PAR-TEE LINE

A pot-luck dinner, with cards and dancing, is scheduled at the club at 8:00 Saturday night. Come out and enjoy the fun! Today is golfer's day, we know, but Chairman Louise Thorne has some special business to decide very important to the ladies, and urges them to attend the ladies luncheon today to be heard.  
The rains within the last few days are making the fairways and greens shine with water. The course is usually cooler than one's home—especially when the breezes blow!

Be A Pot-Walloper Register And Vote

According to legal notice in this newspaper everyone who had registered before March 8, 1950, will have to re-register before September 2, 1950, to vote in the city election September 12th.  
In days gone by, our citizens would walk miles through mud to get to the polls, and they knew their vote was important to good government. Nowadays there is dangerous laxity on the part of a great number of voters who think that a single vote has no value. This is just what minority groups seeking power want to do. They want to see a voter to this vote. A light vote gives an organized, designing minority a chance to gain power.  
A heavy vote is the best assurance of representative government because then a minority cannot "steal" an election. Voting may not seem important to some who have lost sight of what it cost in blood and suffering to gain the liberties we all enjoy, but they are sadly mistaken. By accepting the rights we enjoy as God-given, the more apt we are to fall prey to the snarls of those who would destroy our liberties.  
So become a staunch pot-walloper (see dictionary) and register and vote at every election.  
The Benevolent and Protective Order of Elks take the "benevolent" part of their order seriously, as proven by the news that Belle Glade Lodge 1716 oversubscribed their quota of donations to the Harry Anna Crippled Childrens Home in Umatilla, Fla. to the tune of 168%. This makes them third-highest in the state, with Orlando first, subscribing 328% and Lake Worth 210%. Clyde and above their respective quotas.  
The Home in Umatilla is supported entirely by The Benevolent and Protective Order of Elks, of Florida.  
Local Photo Interpreter Team Joins Matt Guard At Fort Jackson Sunday  
Members of the 497th "Photo Interpreter Team," commanded by Captain Julius T. Moon, Pahokee, a reserve unit of the 3rd Army area, leave Sunday August 13, for two weeks of duty at Fort Jackson, S. C. to train with the 51st National Guard Division.  
The unit is composed of the following: 1st Lt. Emmet S. Roberts, Executive Officer, Sgt. Chas. P. Choate, Cpl. Wm. C. White, of Belle Glade, and Sgt. Douglas Percy, Clewiston.

DOES THE GLADES RAT HAVE A SWEET TOOTH?

According to local postal authorities, the glades rat has a sweet tooth. Inability of the U. S. Post Office Department to realize this fact and provide suitable cages to store packages of confectionery, cake, fruit, nuts, etc., results in a sizable loss during a year's time.  
The postmaster has tried various methods to keep the post office free of rats, going so far as to leave a cat overnight. Even the cat gave up, as evidenced by its hasty exit when the door was opened the next morning.  
The public is urged to ship all such perishables in tin.

Fla. Led Nation In Farm Income

According to the Florida Grower Magazine, Florida led the nation in farm income in 1949 with a total increase of 18.9 percent. While Florida showed a substantial gain in income in 1949, the Southeastern states fell from 2.6 percent in Louisiana to 20.4 percent in South Carolina. The closest state to Florida was Texas, with an increase in income of 10 percent. California fell 6.3 percent.  
Florida's increase was attributed to concentrate's influence in the citrus market, a good cattle season, and an especially good truck season. Already this year Florida citrus and vegetables have brought 20 percent more than in the same period in 1949.

BELLE GLADE LIONS CLUB HONOR PARK SUPERVISOR

A certificate of appreciation was presented to Doug McDonald, park supervisor for the marvelous park program put on this summer in Paradise Park.  
Inspirational and instructive reports of the International Convention of Lions Clubs recently held in Chicago, were made by Herman Cook, Emmet Roberts and R. E. Hotard. Much credit was given the Lake Worth Lions Club, and the Beach County caravan to Chicago and the live alligator and coconut novelties given away.  
Two new members included, Bob Bell of Bell's Pharmacy and Bob Murray of Murray Equipment Company, were placed on the following committees: Health and Welfare, and Agricultural, respectively.

Thirteen Weeks Average Of 453 Animals Bring \$650,000 Total For Sale At The Local Auction

Doubling Thomases are convinced that the cattle auction market is a fixture in the Glades when the finds that more than 5700 animals sold continued grass with black strap molasses supplement and is fed 10 pounds of mixture of corn, cotton seed meal molasses and a vitamin and mineral supplement. The present price of ground snap corn is \$55 per ton; the price of cotton seed meal is \$75 per ton and molasses is approximately \$20. So even pounds of corn, two of black strap and one of cotton seed meal daily will cost 25c per day.  
In 90 days, a normal feeding will have 180 pounds of gain. The 90 pounds on grass will cost at \$20 per pound \$7.20; the 90 pounds on the corn mixture will cost \$22.50, or together the 180 pounds of beef will cost \$29.70.  
The 800 pound steer, by present day prices would sell for \$25.00 or \$188.00. We will spend \$29.70 additional feeding for a total of \$217.10. If he brings 3.50 additional per pound on account of the raise in grass from \$20 to \$25, the "good" which is the general average, the 800 pound animal will bring 27c for a total of \$244.80, or a net profit of \$24.70. Not bad for 90 day investment of \$29.70. Oh, yes, the 8c per pound does include interest on the \$188.00 for the period.  
Farmers who have land (Continued on Page 4)

"We Can Live At Home If We Can Get Some Coffee, Salt And Flour" Green

Auction Market Continues Active Slightly Lower

State Prison Farm No. 2 Is Now Feeding Itself Due To Productiveness Of Muck  
C. M. Greene, Superintendent of State Prison Farm No. 2 located here was asked what would be necessary for him to import this area for taking care of the 500 prisoners expected to be kept here when the new \$750,000 plant is finished and occupied in the near future, especially in view of the growing war.  
"We practically live at home now. Including what we swap with Rairford and cold swap, a little bit of coffee and salt added to our own production would keep our prisoners healthy and strong. Yes, we can live at home, and live well, with those two items."  
That's a good idea, so we delved into the farm's activities and here's what we discovered. Prison Farm No. 2 is producing not only to furnish itself, but in quantities sufficient to pay for its own entire keep, and to show a profit to the Prison System. Production includes, but not limited to, corn, rice, poultry and dairy products, cereals, fruit and vegetables—fresh, canned, and frozen. The farm also produces itself, but in quantities sufficient to pay for its own entire keep, and to show a profit to the Prison System. Production includes, but not limited to, corn, rice, poultry and dairy products, cereals, fruit and vegetables—fresh, canned, and frozen. The farm also produces itself, but in quantities sufficient to pay for its own entire keep, and to show a profit to the Prison System. Production includes, but not limited to, corn, rice, poultry and dairy products, cereals, fruit and vegetables—fresh, canned, and frozen. The farm also produces itself, but in quantities sufficient to pay for its own entire keep, and to show a profit to the Prison System. Production includes, but not limited to, corn, rice, poultry and dairy products, cereals, fruit and vegetables—fresh, canned, and frozen. The farm also produces itself, but in quantities sufficient to pay for its own entire keep, and to show a profit to the Prison System. Production includes, but not limited to, corn, rice, poultry and dairy products, cereals, fruit and vegetables—fresh, canned, and frozen. The farm also produces itself, but in quantities sufficient to pay for its own entire keep, and to show a profit to the Prison System. Production includes, but not limited to, corn, rice, poultry and dairy products, cereals, fruit and vegetables—fresh, canned, and frozen. ## Social Happenings

Mrs. Earl Carter submitted to an appendectomy at Belle Glade Memorial Hospital Monday of this week.

Miss Sharon Impertorie and Miss Patty Ann Steel of Fort Myers, and Miss Martha Williams of Belle Glade, were house guests last week of Miss Donna Jean Kirchner.

Mr. and Mrs. Dan Padgett, former Belle Glade residents, have moved recently from Ft. Lauderdale to Hamilton, Ohio.

Coach and Mrs. Leavitt are visiting this week in Rutledge, Tennessee.

Mr. and Mrs. Ralph Kidder and family returned last week from a month's vacation in North Carolina.

S. L. Wright Jr. returned last week from Wilmington, North Carolina where he visited his uncle and aunt, Dr. and Mrs. J. M. Jenkins, Jr., the past three weeks.

Mr. and Mrs. William Boone

and family of Lake Worth were to an appendectomy at Belle Glade Memorial Hospital Monday of this week.

Miss Lois Ruff and a small son, Charles moved to Belle Glade from West Palm Beach last week and are at home in the Hooker apartments. Mrs. Ruff will teach second grade the coming year.

Mr. and Mrs. W. C. Bamford and family are vacationing at Hendersonville, North Carolina for the month of August.

Mr. and Mrs. Guy Woods and children will leave this week end for Jacksonville Beach where they will attend the Woods family reunion.

Mary Eleanor Kidder-left Monday morning for Leesburg to serve as councilor for the Methodist Youth Camp during the month of August.

Miss Nadine Marie Raulerson, daughter of Mr. and Mrs. Ray B. Raulerson, Pahokee, became the bride of Joseph Russell Cherry, Jr., son of Mr. and Mrs. Joseph R. Cherry of Belle Glade, Sunday, August 6, at the Pahokee Methodist Church. Reverend Hoke H. Shirley, pastor of the First Baptist Church, assisted by the Reverend Ralph W. Todd, pastor of the First Methodist Church, read the double ring ceremony before an altar decorated with palm branches, tube roses, fern and white carnations.

Nuptial music was played by Mrs. H. C. Graham and Mrs. William Shirley sang "Because" and "I Love You Truly." Given in marriage by her father, the bride was beautiful in a sleeveless gown of white satin with lace trimmed bodice, small white hat trimmed with seed pearls and shoulder length veil, white gauntlets and single strand of pearls, and carried a leaf-bouquet centered

with a single white orchid with Stephanotis pendant. Miss Christine Unwin, wearing a yellow organdy floor length gown, was maid of honor. She wore a white crown hat with yellow streamers, single strand of pearls and her corsage was of tiny red rose buds.

Bridesmaids were Miss Clara Stein and Miss Yvonne Weeks, wearing pale lavender and green gowns, respectively, single strand pearls, and white crown hats with matching streamers. Flower girls, Helen Cherry and a Glenis Raulerson, were gownned in pastel organdy fashioned like the bridesmaids.

Fritz Stein, Jr., of Belle Glade served as his cousin's best man. Frank and Elmer Kirchman were ushers. The bride's mother wore a white rayon gardenite suit with gardenia corsage. Mrs. Cherry, mother of the bridegroom, was dressed in yellow sheer and also wore gardenias.

A reception was given at the home of the bride's parents immediately following the ceremony. Mrs. Raulerson was assisted in serving by her sister, Mrs. Melvin Spooner and the Misses Clara Stein, Yvonne Weeks, Christine Unwin and Joan Dixon.

The young couple are touring the Central and Southern states and will be at home 554 East Main St., Pahokee, on their return.

Out of town guests attending were: Mr. and Mrs. Lee Raulerson, Mrs. Faye Greer, Mr. and Mrs. C. E. Maynard, Mr. and Mrs. Wallace Lutz, Mr. and Mrs. S. C. Anderson, Jr., Mr. and Mrs. A. Kirkman, Jerry Cone, Kenneth Harris, and the Misses Nancy Croser, Shirley Connell, Boots Young and a Florence Borse, Belle Glade; Mr. and Mrs. Fritz Stein and daughter, Irma, Mrs. F. Schlechter, Mrs. J. F. Browne, and the Misses Margaret and Ruth West, Chosen; Mr. and Mrs. J. D. Richardson, Key West; Mr. and Mrs. P. C. Anderson, Sr., Miami, Mr. and Mrs. H. J. Stein, West Palm Beach; Mr. and Mrs. O. W. Dixon, Mr. and Mrs. Emory and son, Joe, Tampa; Mr. and Mrs. George Terry and family, Orlando; Mr. and Mrs. H. T. Gainer, Brooklyn; Mrs. M. Raulerson and Mr. and Mrs. Kale Hood, Okeechobee.

### THOMPSONS CELEBRATE WEDDING ANNIVERSARY

Mr. and Mrs. Curtis Thompson celebrated their twenty-fifth wedding anniversary with a dinner at the Clewiston Inn Tuesday night. Tables were decorated with white floral bouquets and place cards of original design marked settings for the following guest list: Mr. and Mrs. Henry Stoltenberg of Hallandale, Mr. and Mrs. Joe Freedlund, Mr. and Mrs. Hubert Chambliss, Mr. and Mrs. Otis Carlton, Mr. and Mrs. Jim Wierengo, Mr. and Mrs. Doyle Timmons, Mr. and Mrs. Ralph Freeman, Mr. and Mrs. Ed Malow, Mr. and Mrs. Robert Allison, Mr. and Mrs. Henry Earwood, all of Belle Glade, Mr. and Mrs. Robert Desnutt, of Pahokee, and the honored guests.

A silver cream and sugar service were presented from the group to Mr. and Mrs. Thompson.

### FAREWELL PARTY FOR MRS. HILTON EARLE

Mrs. Hilton Earle was complimented with a goodbye party Tuesday afternoon at the home of Mrs. S. L. Wright, with Mrs. J. L. Winburn as co-hostess.

A yellow color scheme was carried out in arrangements and floral bouquets. Salad and dessert courses were served. The guest list included: Mrs. F. C. Dooley, Mrs. Jack Johnson, Mrs. Ed Lively, Mrs. William C. Young, Mrs. R. Y. Creech, Jr., Mrs. James A. Ball, Jr., Mrs. Jose Moran, Mrs.

## THIRTEEN WEEKS

(Continued from Page 1)

available to raise field corn may reasonably be expected to produce 20 bushels, or 3500 pounds of ground corn per acre, and make a profit selling it as meat in the animal and also have the corn when he wants

Not a bad idea, Proff, we hope more cattlemen will get a bit of figuring and get others to follow. That the Glades can offer the buyers "good" grades in slaughter animals constantly.

That's a lesson in cow economy in the Glades; think it over.

Butter, milk and eggs are also normal items produced. Sugar from its own cane fields and syrup made in its own mill insure "sweeten."

Rice and corn, both roasting and whole, bring make pretty good money for the Glades. Of course grains from the field corn are a natural, as well as need for corn bread, rice products at the Glades are of several years experience and 2200 pounds per acre is an average yield.

When it comes to vegetables, the 22 varieties that are produced in the Glades, and most of them are being raised at the farm.

Field peas and several kinds of beans are grown and dried in their own drier.

Salad crops such as lettuce, cabbage and carrots are raised for table use and canning in their own canning plant. Many thousands of gallons are canned for the use of other state institutions.

Tomatoes furnish a substantial portion for both the local institutions as well as others. Salad crops such as lettuce, cabbage and carrots are raised for table use and canning in their own canning plant. Many thousands of gallons are canned for the use of other state institutions.

## GLADES NEGRO NEWS

Written By Negroes Of The Community

### New Bethel Baptist Church

Mrs. G. M. Douglas, Reporter  
Mrs. Annie Mae Everett

Sunday School was open at the usual hour with the usual teachers at their posts.

The classes were taught twenty minutes by their teacher. The lesson was carefully reviewed by Dea. Isaiah Brown. The offering was good. Class No. One still has the banner. The Sunday School gave a picnic at Jupiter Beach last Wednesday July 2. It was really enjoyed by the children and parents.

Visitors and friends are always welcome to worship with us in public services.

### First Baptist Church

Miss Lucille Jones, Reporter  
Rev. J. B. Jones, Pastor

The Pastor preached a wonderful sermon Sunday night on the subject "A Sermon on a pole and a Man on a tree." The sermon was enjoyed by all. Then there were three visitors (white). And one new member to join the church. The No. 1 Choir rendered song service.

Baptism will be Sunday morning after morning service. There are eleven (11) candidates for baptism.

The Y. W. A. is giving a weiner roast at the home of Mrs. Nettie McKenzie. Trucks are leaving the church at 8 o'clock. The admission is 25c round trip.

Rev. Adams (our pastor) is running revival at Roanoke Baptist Church in W. Palm Beach.

Lake Shore School To Have Supervised Play Ground in Near Future

Playground equipment, valued at over \$1,000.00, destined for the Lake Shore Elementary School grounds, is here and ready to be installed.

Plans are going forward to finish the school grounds in preparation to receive the equipment, according to Mr. Hobson. A playground supervisor will be placed in charge then, and during the vacation period a summer program for the different age groups like the programs being carried out in other Palm Beach County Parks and playgrounds, will be instituted under the supervision of Playground Director, Jack Smith.

Negro Students Allowed To Attend Classes At The Two Universities

Negro students can take special courses at white universities in Florida while continuing to be enrolled at Florida A. and M. College for Negroes, the Florida Supreme Court has ruled. It declined to order

white universities opened to five negroes who had attacked the state's segregation rule, asking instruction in such specialties as law, pharmacy, chemical engineering and graduate agriculture, not offered at A. and M., but in Florida State University or the University of Florida. The state must now either provide "substantially equal" facilities at A. and M. or open classes in the other state schools to Negro students.

(Continued from Page 1)

**BASIS OF**  
liberties. The safeguard against this lies in complete adherence to the basic constitutional principle of divided powers with counter checks within and between powers.

1.07 This principle must be followed throughout the entire organization responsible for all phases of the water program. Planning, constructing, and operating agencies should not be too large, too powerful or too insensitive to control by the people. Under a weak or inept Congress or President, competition between such agencies may lead to loss of efficiency, duplication of effort, and extravagance with funds. To cure this by consolidating all agencies under one department or in one agency would establish a government monopoly and a concentration of power. Government monopolies are even worse than private ones in giving good service to the customer. Concentration of power in the hands of a few has always resulted in abuse and tyranny. Under proper control by Congress and corresponding work under the Executive, reasonable competition between the many agencies will result in best service to the people.

1.08 To insure such control is the responsibility of Congress, acting for the people. To recommend changes needed or desired, and to carry out the congressional will thereon, are the responsibilities of the President. It is believed that such changes will yield the best results if effected by modifying the existing framework, rather than by demolishing it and establishing a new and untried one.

1.09 In the last analysis, the government consists of the citizens. They discharge their functions through an elected administration divided into legislative, judicial, and executive branches. This government, the citizenry, provides for the administration by pooling contributions from individual private income. These incomes are derived from pay for services rendered in competition with others. In the general case, it thus appears to be contrary to public interest for the administration to enter into revenue yielding enterprises in competition with individual citizens. In many specific cases where private enterprise cannot or will not furnish the necessary service, or where national defense needs justify it, the vital utility should indeed be established by the government. However, the administration is not justified in using the common purse of all its citizens to provide one favored region with government services at less than cost, making up the resulting deficit from taxes collected from areas less favored by the administration.

About four hundred cases of eggs will fill a refrigerator car. Or, each carload will number about 12,000 dozen eggs or about 144,000 individual eggs.

## Cinematic Chatter

By Malcolm Miller

Every so often I read in the paper the story of some Hollywood player I recall from my old days of trouping, and which brings back some pleasant memories. Latest of these is Francis X. Bushman, who will be seen with Gloria Swanson in "Sunset Boulevard," a picture that will give a great many "old troupers" an opportunity to be heard from by the younger generation not born when they retired from the screen. Francis wrote something about his life in the cinema in this article. It was interesting and maybe some of you read it. The last time I saw Francis in person was in Green Bay, Wisconsin, when we were playing a stock engagement with the old Edith Ambler Stock Company. Francis came on for a two weeks engagement to do two of his own plays, which he directed and played the leading role in. He was a handsome fellow, in his late forties, he could have been told, he could never tell about Francis, with a fine sculptured face, devoid of any lines, and a luxuriant head of blonde wavy hair, without a trace of grey. The ladies adored him and he had to resort to all sorts of tricks after the matinee to avoid running into a blockade of them. One thing about Francis, he could never refuse talking to a lovely young lady... he even favored the older ones. Francis had with him a Great Dane dog of huge proportions, and vicious looking, named "Caster," and he and Francis stopped traffic whenever they appeared together on the streets. Sometimes Francis would walk Caster out the stage entrance door with him... with a few

faint shrieks and some gasps the ladies assembled would beat a hasty retreat as Caster and Francis walked with dignity to their waiting car. Ah, yes, I shall enjoy seeing Francis again in his latest picture... even without the lovely Beverly Sills, one time great in the silent days, his leading lady and later his wife. Proof that you don't get the cinema's real life is the rise of Broderick Crawford. For years Brod was a stock actor, everything from leads to "heavies," thence to "second bit," and into character roles before he made it to Hollywood and his first picture. All of which took years of hard work. Now Brod has been awarded the Academy Award for the best actor of the year in "All The King's Men." Voted almost unanimously the picture with the greatest story and cast in a decade "All The King's Men" moves into the Hugo Theatre for the Sunday-Monday run. It is the shock filled drama of a self made man who rose to the top over the broken bodies and souls of his victims. YOU MUST SEE IT! See you at the movies... Mal

The tea plant is an evergreen tree. If it was allowed to grow it would become as tall as a maple tree. Since it is kept trimmed it grows only to a height of about four feet.

## It says SUCCESS-with SPIRIT

First of the Fine Cars in Value

YOU can see this man has made his mark in life, and while his heart's still young.

You can tell he likes action for his money—that he knows a fine car needn't be the most expensive to give the greatest value.

Yes, such are the things you know of any man, when you note that his car is a ROADMASTER.

Follow him on his spirited way as he pilots this lively motorcar through traffic. Even the light-weights are no match for this road-ready husky—not with the 152-horsepower straight-eight Fireball engine that purrs beneath its bonnet.

Maneuver beside him at the next stop light. Then just try to get away as smoothly, swiftly and silently as Dynaflow Drive gets his ROADMASTER going—and keeps it rolling without shifting, even automatically.

But don't waste time merely envying the man in this great car! Why not emulate him?

With all its outdoor room, interior luxury and exterior grace—with all its front-rank prestige, rare performance and matchless ride—a ROADMASTER can be yours for less than some smaller cars cost.

In fact, even if you had a fortune to spend, you couldn't make a more fortunate buy in the fine-car field.

So we suggest you try a few minutes behind the wheel. We're confident they will convince you that ROADMASTER has everything you could ever ask for in any motorcar—although your Buick dealer asks a good bit less for ROADMASTER than you might pay for other top-line cars.

### SOUTH BAY BEAN CITY LAKE HARBOR

Mr. and Mrs. Hilton Mott of Orlando were the week end guests of his mother, Mrs. Lawrence L. Simons, and other relatives.

Charles Denton, GM 3/c, has recently returned from a Pacific cruise and is visiting his father, C. F. Denton in South Bay, his sister, Mrs. Mrs. Le-

bron Williams, in Belle Glade, and sister Mrs. Robert Burns, of West Palm Beach.

Ralph Goodbread, who has recently been stationed at Eglin Field as a member of the Army Air Corps, is home on a furlough and visiting his mother, Mrs. Maggie Goodbread.

Charles Clifford Allen MBG2 has volunteered for active duty with the U. S. Navy, leaving last week for Jacksonville, where he took his physical examination, afterwards proceed-

ing to Charleston, S. C. for further assignment.

He was accompanied to West Palm Beach by his mother, Mrs. W. C. Allen, daughter Susan, sister Jane Vivian, and Mrs. Audrey Burkett and her son, Ronnie.

J. Rayford Smith, SA, has returned to his ship, USS Saint Paul, after a two weeks leave during which he visited his parents, Mr. and Mrs. James R. Smith at South Shore Plantation, and with his mother and two brothers, Payton and Clayton, visited relatives in Sylvester, Georgia.

Coach Jim Maynor, as a grand finale to the summer recreation program in South Bay, took approximately 40 children on a picnic to Fort Lauderdale Wednesday. They were accompanied by Mrs. Louise Herring, Mrs. Marvin Davis and Mrs. Norman Dahlymple joined them later in the morning and assisted with the serving of the picnic lunch.

The group left South Bay shortly after seven in time to reach the beach in time for their swim before lunch. The afternoon was spent in games and competitive sports.

Mrs. Josephine Ratley, June and Billy Joe Ratley and Glen Martin visited Miss Martha Jean Ratley in Orlando Sunday.

Mrs. Joe H. Hodges left Tuesday for Orlando to visit her new grandson, Johnny Lamoureux, Jr., who was born in Orlando on Monday, August 7. Mrs. Lamoureux was before her marriage Mary Lois Hodges.

Mr. and Mrs. Marvin Miller visited her parents, Mr. and Mrs. A. B. Barnes, and were accompanied on their return home by Billy and Sue, who had been spending a few days with their grandparents.

Mr. and Mrs. R. E. Green of Clearwater were the Tuesday night guests of Mr. and Mrs. E. M. Willis.

Mrs. Ray Switzer, and Mr. and Mrs. Joy Dean of Lake Worth were the Sunday guests of Mr. and Mrs. E. L. Stevens.

Mr. and Mrs. Ernest Farnum and son, residents of South Bay some 20 years ago, now making their home at Fargo, S. Dakota, visited relatives

here this week. They have been visiting his sister and brother-in-law, Mr. and Mrs. Murray Gay and son, Murray Jr., at Cocoa.

Postmaster and Mrs. Eric Hartline have returned from Round Mountain, Ala., where they have been visiting kin-folk.

Mr. and Mrs. E. M. Willis, Barbara Jean and Johnny, were dinner guests of Mr. and Mrs. John R. Crow in Miami Springs Wednesday.

Mr. and Mrs. Alfred Vadaz and daughters Karen and Karol have returned from a vacation spent at Lake Apopka.

Mr. and Mrs. Riley Barnes, son, Ray, and her mother, Mrs. Lily Edwards, of Lake Worth were Sunday guests of Mr. and Mrs. Brown Barnes.

Mrs. Elizabeth Roberts has returned from a visit in Orlando with her daughter and her husband Mr. and Mrs. Harold Hudson.

Mr. and Mrs. Jerome Woodham have returned from a summer vacation spent with relatives and friends in Ozark, Ala.

Mrs. Eddie Holt, who has been staying with Mr. Holt at Fort Lauderdale while he is working as a dragline operator on the flood control construction work, spent the week end at home and returned Tuesday to Fort Lauderdale taking her son Buck, with her.

Mrs. J. C. Summerlin and daughters, Janice and Jimmy Lou, are visiting relatives in Ozark, Ala.

Rev. and Mrs. David Brantley of Norman Park College, Norman Park, Ga. are visiting her parents Mr. and Mrs. S. M. McAllister. Rev. Brantley is supply pastor at the Baptist Church in Sebastian for a short time.

Exhibition Of Figurines At Home Demonstration Club.

The Womens Home Demonstration Club spent the after-

noon Thursday at home handicraft. Miss Sara Horton, home demonstration agent, gave instructions in making figurines, using moulded figures, which were painted and completed by the various members. She also gave a lesson in the art of making table mats. Mrs. Kenneth Lutz and Mrs. N. Ray Whitlock of Belle Glade assisted Miss Horton with an exhibit of a group of figurines which they had made and painted. They also demonstrated the kind of mould and method of manufacture.

The local Club plans to spend the day Friday in completing their figurines and various other forms of handicraft. They will meet Miss Horton at the school cafeteria at 10 o'clock, have a sandwich luncheon at noon, and continue their work during the afternoon.

Mrs. Floyd Wilder was hostess for the afternoon and served chicken salad, saltines and cold drinks to Mrs. I. P. Roberts, Mrs. A. L. Cumpton, Mrs. Horton, Mrs. Lutz, Mrs. Whitlock, Mrs. Norman Dahlymple, Mrs. Marvin Davis and guest Mrs. Turner of Miami, Mrs. A. N. Lamoureux, Mrs. Verda Higginbotham and Mrs. A. B. Barnes.

Linda Wilder Feted At Birthday Party

Seven year old Linda Wilder was honored at a birthday party Tuesday afternoon by her mother, Mrs. Floyd Wilder at their home.

Mrs. Wilder, who makes a hobby of taking moving pictures of her children at play with their little friends and of local scenes, entertained the little guests by throwing four of these films on the screen. They also enjoyed games on the lawn.

Ice cream, cake and grappette was served to Linda, Sharon and Ginger Wilder, Linda Miller, Mary Mathewson, Gloria Greer, Gladys and Norma Dahlymple, Bernice and Linda Leathlean, Sue Willis, Butch Bertram and Bryant Davis, Ritchie Herring Junior, Cumpton, Karen Vadaz, Sharon Kendall, Judy and Joyce Cato, Johnny Willis, Sharon and

Juanella Prevatt, Clayton and Payton Smith, Zella and Gale Martin, Frankie, Dan, Dick and Doris Willis, Robert and Sharon Roberts, Donna Jean Holt, Rebecca Woodham, Joyce Booth, Marlene Taylor.

Mothers attending were: Mrs. I. M. Davis, Mrs. Bryant Turner, Mrs. J. F. Prevatt, Mrs. J. R. Smith, Mrs. F. B. Willis, Mrs. F. M. Cato, Mrs. I. P. Roberts, Mrs. Ray Taylor, Mrs. Luther Martin.

GAS RANGES

They're America's Easiest Ranges to Keep Clean...with more of the features you want.

You can choose between Styleline and Fleetline styling

Many an admiring glance will follow you when you roll by in your new Chevrolet with Body by Fisher. That's true whether you choose a Chevrolet Styleline model, with "notch back" styling, or a Chevrolet Fleetline model, with "fast back" styling. Both are available on all Chevrolet sedans and at the same prices! Remember—Chevrolet is the only low-priced car offering these two outstandingly beautiful types of styling... thus giving you an opportunity to express your own individual taste.

You can choose between Automatic and Standard Drive

You have an enviable choice of engines and drives in Chevrolet, too. You can have the sensational Powerglide Automatic Transmission\* and 105-h.p. Valve-in-Head Engine for finest no-shift driving at lowest cost, or the highly improved standard Valve-in-Head Engine and Silent Synchro-Mesh Transmission for finest standard driving at lowest cost.

\*Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.

You can choose between the Bel Air and the Convertible

And if it's a sports model you want, here's your car! Choose the fleet, fashionable, steel-topped Bel Air, with extra-wide windows and gray, leather-trimmed upholstery, and have the only car of its kind in the low-price field. Or the equally beautiful Chevrolet Convertible, with automatic top that lifts or lowers at the touch of a button, and have the finest Convertible in its price range. Or choose the all-steel, four-door Station Wagon—smartest in its field—listing for \$260 less than last year.

Only Chevrolet offers such a *wide and wonderful choice* ...and at the lowest prices, too!
